Beacon Rock Partners Review

Beacon Rock Partners, an independent wealth management firm in Portland, Oregon, specializes in personal financial planning, investment advisory, consultations, and investment counseling services.

Beacon Rock Partners is only a team of two, but we have included them on our list for the range of services they provide and the fact that they are a fee-only Portland wealth management firm.

Key Factors That Enabled Beacon Rock Partners to Rank as a Top Wealth Management Firm in Portland

Experienced Team

While the team of Portland financial advisors at Beacon Rock Partners may be small, they bring an impressive range of industry experience to the table. The team includes:

- **Eric R. Lochner, CFP®**—Over two decades of experience in financial planning, asset management, marketing, consulting, and product planning
- **Brian W. Hicks, J.D., CFP®**—Nearly a decade of experience in estate planning and tax counsel

Both financial advisors carry the CFP® designation, which comes with strict fiduciary and ongoing education requirements, demonstrating a firm commitment to industry excellence.
Range of Services Offered

As a top Portland wealth management firm, Beacon Rock Partners offers a variety of financial planning and wealth management services:

- **Personal Financial Planning**—Features attention to detail, personalized attention, no minimum amount of investable assets, and fixed fee or hourly basis payment

- **Investment Advisory Services**—Portfolio management services and strategies customized for risk tolerance, liquidity needs, income needs, and financial objectives

- **Specialized Consultations on Specific Issues**—Provides guidance and expertise for financial concerns like education funding and real estate transactions

- **Financial Education and Investment Counseling for Retirement Plans**—Education, advice, and assistance for employees regarding investment options, retirement goals, and strategies

Rating Summary

Although Beacon Rock Partners may be smaller than competing firms offering wealth management in Portland, this insular size can be beneficial for many clients.

Boutique firms often offer personalized, one-on-one attention that larger firms cannot match, making Beacon Rock Partners ideal for those seeking to maintain long-term relationships with their Portland financial planners.

In terms of how their services are communicated to clients, however, our review found that Beacon Rock Partners provides substantially less detail on their financial capabilities than competing firms, which could make it challenging for new clients to fully evaluate the firm.

By adding more information about specific financial services—particularly when it comes to Personal Financial Planning—Beacon Rock Partners could easily improve both their value proposition to new clients and their rating as a top financial advisor in Portland, Oregon.
